Class Listing 2011 - 2012

Class registration will be held at the studio on the following dates:

Monday August 15th and Tuesday August 16th 5:00—6:30

All classes will have a registration cap. Popular classes may close quickly during open registration dates. Registration will be on a first come first serve basis. Because of this, we recommend coming to the studio for the registration dates. We can not guarantee class availability once registration begins. If you are unable to attend the open registration dates please feel free to send you registration and payment with a friend or family member. Registrations sent via the mail will be added to list after the 16th and will be assessed the \$5 registration fee. No registrations will be accepted prior to the registration dates.

Payment for the month of September will be due at the time of registration. September will be a three week month. **Only cash and personal check are accepted on site at this time.**

Classes begin the week of September 12th. All class placements will be made at the instructor's discretion and with your dancers best interest in mind. We reserve the right to adjust placements after classes have started.
